Presenter: Tim Mrozowski, AIA LEED AP BD&C Act 54 Instructor #1455

The School of Planning Design and Construction at Michigan State University has developed a two hour Michigan Residential Energy Code Training program targeted to Builders, Building Officials, Inspectors, Engineers, Designers, Contractors, Subcontractors and Suppliers. The two hour seminar focuses on the new energy code provisions included in Chapter 11 of the 2015 Michigan Residential Code (MRC 2015) which

WENT INTO EFFECT Feb 8th, 2016; CODES YOU NEED TO BE AWARE OF WHEN COMPLETING WORK FOR YOUR CUSTOMERS.

BIO Information

Tim Mrozowski A.I.A., LEED® AP BDC, is an architect and Professor of Construction Management, in the School of Planning, Design and Construction at Michigan State University. He conducts research on sustainability, application of LEED® to design and construction, energy codes, energy audits, energy modeling, energy assessment, and construction project management.

Since 2003 he has directed and conducted training for the Michigan Energy Code Training and Implementation Project (MECTIP) which has been funded by the DTE Energy, US DOE, Pacific North West National Laboratory, Michigan Public Service Commission, Michigan State Housing Development Authority, Michigan Bureau of Energy Systems, Michigan Economic Development Corporation and the Midwest Energy Efficiency Alliance. To date MECTIP has conducted over 100 energy code and compliance trainings with over 5,000 industry participants.
