

LEAD RENOVATOR CERTIFICATION IS UP FOR RENEWAL, TIME FOR YOUR 4 Hour REFRESHER CLASS April 12th, 2016

The U.S. Environmental Protection Agency (EPA) has regulations in place for contractors performing renovation work in residential dwellings or child-occupied facilities built before 1978.

The Lead: Renovation, Repair, and Painting Program” (RRP) took effect in April 2010, on any renovation work which disturbs painted surfaces in residential dwellings or child-occupied facilities built before 1978. Renovator certifications are typically for 5 years from the date of course completion and in order to apply for your re-certification license you must complete 4 hours of refresher training before your expiration coming in early 2015 in most cases or sooner.

If you are a Builder, Plumber, electrician, install HVAC and siding and rip out walls and disturb paint you will need to be re-certified and complete this 4 hour refresher class if you completed the original class back in 2009, 2010, or in the past few years. This 1/2-day (4-hr) class explains how to comply with EPA's (RRP) Rule. Subjects covered include: regulations, lead safe work practices, cleaning & record keeping. After passing an end-of-class exam, students receive RRP Certificates. Avoid paying fines and complete your refresher class before your cert. expires

Firm Certificate: All licensed EPA RRP FIRMS should submit their firms re-certification application to the EPA at least 90 days before their expiration to help ensure re-certification is completed on time.

COMPLETE YOUR CERTIFIED RENOVATOR REFRESHER IN ORDER TO RENEW YOUR RRP LICENSE

Trainer: Ed Wenz
Certified EPA RRP Lead Trainer
