The Home Builders Association of Central Michigan is proud to offer the required course and hours to obtain your builders license.

Central Michigan continues to be a bright spot in the state for residential construction, and this is another way we are reaching out to our community to offer value!

The course requires four days of in-class training (along with study at home) to complete the 60 hours required to obtain your license. Lead Renovator Certification is a one day class (free with Builders License Course)
